

Short Course Training on Risk Management

Conducted by
The Institute of Social Work

1. Introduction

This proposal outlines a joint two-week short course on risk management, designed to provide participants with practical and theoretical knowledge essential for effective risk management. The training will be offered by Institute of Social Work, leveraging their combined expertise in risk management and social work, with the aim of delivering comprehensive and practical knowledge to participants.

2. Objectives of the Course

The training aims to:

- Enhance participants' understanding of risk management principles and processes
- Equip participants with tools and techniques for risk identification, assessment, and mitigation
- Build capacity to design and implement risk management frameworks
- Enhance decision-making skills related to risk management

3. Target Audience

The course target various groups including:-

- Risk management officers, compliance officers, and internal auditors
- Social work professionals who deal with risk in community settings
- Managers and supervisors in various sectors, departments and units
- Entrepreneurs and business owners across development sectors
- Any individuals seeking to expand their expertise in risk management

4. Course Outline
